## Tabata "Brainsville" cd

E+J Recordings catalog number: EAJ003

**l i k e d r i n k i n g m o o n s h i n e o n m a r s**

the debut full-length release from Mitsuru Tabata

*"What is now proved was once only imagined."*

**William Blake**

Emerging from the darkness of Zeni Geva comes Brainsville - the first solo full-length exploration in both new and traditional sounds by Mitsuru Tabata.

Expressive otherworldly blues that will appeal to the right side of the brain and fans of Loren Mazzacane.

This expansive music will defy all expectations.

Monumental abstract rural eastern psych.

An exotic transmission - graceful, shimmering, like the birth of a million suns.

*"...bizarre Can-inflected collaborations..."*

**The Wire**
